# Due Diligence and M&A for Clean Energy Projects

John F. Young  
Clean Law PC  
January 30, 2018

## STRUCTURE OF TRANSACTION

- “Stock” vs. asset
  - Transfer consideration (assignments, permits)
  - Inclusivity of transaction (assets and liabilities)
  - Tax considerations
- 
- Majority of transactions are “stock” (i.e., membership interest)

## *DEVELOPMENT/OPERATIONAL*

- Payment structure
- Proximity to COD
- Regulatory changes

## AREAS OF DILIGENCE

- Resource
- Operation
- Financial performance
- Condition of facilities
- Contracts
- Compliance/permits
- Incentives
- Corporate/legal health
