Introduction

This paper discusses a variety of important developments in Texas franchise tax, Texas sales tax, e-commerce, jurisdiction, and procedure. It includes the 2019 legislative amendments to the franchise tax laws, recent agency rules and administrative guidance from the Comptroller. It surveys and analyzes critical Texas state and local tax cases, either pending or recently decided, by the Texas Supreme Court and courts of appeals.

I. Franchise Tax

COVID-19 Deadline Relief

Extended Due Date. On April 2, 2020, the Comptroller announced that the due date for Report Year 2020 Texas franchise tax reports is automatically extended for all taxpayers to July 15, 2020.¹ The automatic extension includes both the report deadline and the payment deadline. The Comptroller extended the franchise tax deadline “to be consistent with the Internal Revenue Service” which has extended certain federal income tax filing deadlines to July 15, 2020.² The Comptroller’s press release explained the rationale for extending the franchise tax deadline:

“We recognize that the information aggregated from taxpayers’ federal tax returns comprises the building blocks for their Texas franchise tax returns,” Hegar said. “In addition to coping with the unprecedented impacts of the growing pandemic, we understand the difficulty Texas businesses will face in filing franchise tax returns now that the federal deadline has moved, and so we thought it appropriate to align the state’s franchise tax deadline with the IRS deadline.”³

In addition to the automatic extension, the Comptroller announced the process for requesting additional franchise tax extensions. These extensions, like those available every year, require taxpayers to file timely extension requests and include with those requests estimated tax payments. The extensions differ depending upon whether the taxpayer is required to pay franchise tax via electronic funds transfer (EFT).

Entities that paid \$10,000 or more in franchise tax (or any other single category of payments or taxes) in the previous state fiscal year are required to pay using EFT.⁴

⁴ Comptroller Rule 3.9(b).

Extensions for Non-EFT Taxpayers. Taxpayers who are not required to pay via ETF can request one additional extension using the Comptroller's Webfile system or may file Form 05-164, Texas Franchise Tax Extension Request.⁵ If the taxpayer properly requests the extension, the report will be due January 15, 2021.

Non-EFT taxpayers must request the extension before the original due date for the report (July 15, 2020). Along with the extension request, the taxpayer must make an "extension payment" equal to the lesser of the following:

1. 90% of the tax that will be due with the report that is ultimately filed; or
2. 100% of the tax reported as due on the prior franchise tax report.⁶

A taxable entity that became subject to the franchise tax for the first time during the 2019 calendar year cannot use the 100% payment option to calculate its extension payment. Also, a separate entity that was included in a combined group report in Report Year 2019 cannot use the 100% payment option.⁷ Using the 90% payment option, however, requires the taxpayer to be able to calculate its expected Report Year 2020 franchise tax liability, which the taxpayer is typically unable to do before submitting its federal income tax return.

If the taxable entity fails to meet the "extension payment" requirements once it files its Report Year 2020 report, penalty and interest applies to any part of the 90% of tax not paid by the July 15, 2020 due date and to any part of the 10% not paid by the extended due date.⁸ If a taxpayer does not meet the minimum payment threshold, the extension is denied and the taxpayer's report remains due on the July 15, 2020 due date.⁹

Extensions for EFT Taxpayers (Two-Step). Taxpayers required to pay Report Year 2020 franchise tax via EFT must request two extensions. The first extends the due date to August 15, 2020, and the second extends the due date to January 15, 2021.

If the taxpayer paid between \$10,000 and \$499,999.99 in franchise tax in Report Year 2019, they may meet the extension payment requirement by using the Comptroller's Webfile system to make their payment.

If the taxpayer paid \$500,000 or more in franchise tax in Report Year 2019, they must use the Comptroller's TEXNET system. They may request an extension by making a timely TEXNET payment using tax type payment code 13080 (Franchise Tax Extension). They must complete the
