Let's Get Started! Grow Your Tree!

2

Who are our clients?

Clients with a spouse with Alzheimer's or Dementia

Surviving spouse (with or without children)

Estate planning clients

Clients with a child/loved one with a disability/planning for them and child/loved one.

Clients who are not self funded for long-term care expenses

Clients who will eventually be on Medicaid

3

What are public benefits?

Social Security

Medicare

Medicaid

Veterans' Benefits

Section 8 Housing

Benefits specific to local area or region (e.g. Harris County Gold Card)

4

The Recipe of Public Benefits

Income test

Asset test

Medical requirement

Where is client living?

Interest list/
wait list?

109* different kinds of Medicaid programs

5

Some terms to know...

Community Spouse - a married couple, the spouse not in the nursing home

Institutionalized Spouse - a married couple, the spouse in the nursing home

Look Back Period- 5-year look back period for long-term care Medicaid/ 3 years for Social Security (SSI) benefits

Look Back Period and Penalty Period are not the same thing!

Penalty Period- Medicaid penalizes (loss of Medicaid eligibility) applicants for giving away assets (penalty period is calculated by the amount transferred divided by the transfer divisor)

Deeming- term by Social Security to describe the process of considering another person's income or assets to be available to the applicant when applying for benefits (SSI typically)
