# Part 1

---

## Planning with Trusts

3

## Planning with Trusts

- Testamentary / Inter vivos Minor's Trusts
  - Testamentary / Inter vivos Support Trusts
  - Multi-generational Creditor Protection Trusts
  - Irrevocable Life Insurance Trusts
- The type of trust used is determined by the specific goals that we are trying to achieve for our client.

4

## Planning with Trusts: Protection

- From minor or spendthrift beneficiary
- From being counted as an estate asset
- From future creditors
- Special Needs Trusts
- Protection from being considered as a “countable resource” that is “available” to the trust beneficiary by a public benefits agency

5

## Planning with Trusts: SNTs

- Identify the specific public benefit program
  - Understand the characteristics of that program
  - Determine if a trust is necessary
  - If yes, what type of trust is required to meet the goals with regard to that specific program
- What *are* the programs?
