Planning with Trusts

3

Planning with Trusts

- Testamentary / Inter vivos Minor's Trusts
- Testamentary / Inter vivos Support Trusts
- Multi-generational Creditor Protection Trusts
- Irrevocable Life Insurance Trusts

The type of trust used is determined by the specific goals that we are trying to achieve for our client.

Planning with Trusts: Protection

- From minor or spendthrift beneficiary
- From being counted as an estate asset
- From future creditors

<u>Special Needs Trusts</u>

• Protection from being considered as a "countable resource" that is "available" to the trust beneficiary by a public benefits agency

Planning with Trusts: SNTs Identify the specific public benefit program Understand the characteristics of that program Determine if a trust is necessary If yes, what type of trust is required to meet the goals with regard to that specific program What *are* the programs?
