BEN CUKERBAUM

Austin
bcukerbaum@gunder.com
+1 512 706 9988

Ben is an attorney in the Licensing, Strategic Partnering and Commercial Transactions group.

Ben helps clients with all manner of technology and data-driven transactions and related issues. He regularly helps structure, draft, review and negotiate commercial transactions as well as provide technology-focused product counseling on issues such as data privacy, data security and open source software.

In addition to his commercial transactions and product counseling practice, Ben has advised some of the world's leading venture capital and private equity funds in their investments in technology-driven businesses. He has also helped companies raise money and complete sale transactions with those same funds as well as strategic investors and acquirers.

2

CHIPS Act: Basics and Background

- Introduced to reduce reliance on foreign fabs
- \$50B+ of investments over 5 years
 - \$39B for chip production
 - \$12B for R&D
